An education scholarship program for dependent children of full-time management employees of companies that contribute to the Industry Promotional Fund or are Regular Members of Associated Steel Erectors.

Number and Amount of Education Scholarships:

The number and amount of the education scholarships and scholarship renewals shall be established annually by the Board of Trustees of the Industry Promotional Fund. [For the year 2023, a minimum of four scholarships @ \$5,000 each have been authorized.]

All applicants must submit the following:

- 4) Letter from school representative verifying participation in school activities (if indicated on application)
- 5) Letter from employer verifying employment (if indicated on application)

Award System:

All complete submissions will be reviewed by an outside judge who will recommend scholarship awards using the following point system:

- Work Activity 0-5 points
- School Activity 0-5 points
- Essay 0-20 points
- ASE Member 0-5 points

In the event two or more students have the same score, the student with the highest GPA is ranked first. If there is still a tie, the student with the highest essay score would be ranked first. All decisions of the judges are final.
